

## CONTRIBUTIONS AND CHARGES

Dear parents/guardians

The following information will assist in calculating your child's anticipated contributions and charges for 2025.

### VOLUNTARY CONTRIBUTIONS

The total amount of voluntary contributions is in accordance with the School Education Regulations 2000. Voluntary contributions for 2025 are set at **\$60.00 per child** as approved by the School Board.

For 2025 we have introduced a **voluntary ICT** (Information, Communication Technologies) levy of **\$10 per family**. This is to support the increasing costs of maintaining and building our technologies hardware and software (computers, iPads, programs). This decision has been ratified by our Board and is instead of going down the BYOD (Bring Your Own Device) path where students would need to supply their own laptops.

### **Payment Options**

Payments can be made in full through the following options;

- Personal Items List (option for payment available listed under the 'Voluntary Contributions' section of the list)
- Qkr app (labelled as 'Voluntary Contributions' in the Qkr app)

You can pay your Voluntary Contributions through the Qkr app if you do not choose to pay with your child's personal items. The Voluntary Contributions will be loaded onto the Qkr app at the beginning of the school year as a payment.

Should you wish to pay in instalments, a schedule can be made for the year by contacting Debra Rhodes, Manager of Corporate Services, on 9408 2900.

An invoice will be forwarded each term to families who have not made their Voluntary Contribution for the finalisation of any outstanding payments.

### CHARGES

The charges schedule includes:

- Specific learning activities which are available to **all** students but conditional upon a payment being made e.g. incursions, excursions, recreational activities etc
- Specific learning activities which are available to **selected** students but conditional upon a payment being made e.g. school camp, dinner/dance, PEAC, Instrumental Music

The following tables illustrate the estimated maximum charges per year level for 2025. Actual charges incurred may be considerably less.
